MANIFESTO

**Bliss**

**is  
the**

**thread**

# Bliss is the thread

that leads us forward...

Not excitement or fame, money or thrills  
Not the motivation to "to good" or "be nice"

Bliss - happiness at the deepest layer

Bliss - our essence at the core

Bliss - in touch with Truth

To get there is the substantial task:

## **to be Yourself**

The easiest and most challenging path of all.

Success is walking it:

Bringing depth to life

Soul to the surface

Recognition of the Divine in all

Bliss blooming as we do

In cycles

## **expansion and awakening**

Layer by layer

## **And business?**

This is our framework of delivery:  
To bring our Heaven to Earth  
To weave matter and ether  
To birth our Souls as we birth our projects

## **We pioneer and envision**

Starting inside

Identifying our qualities  
Clarifying our dreams and visions  
Communicating authentically  
Connecting hearts

We create with FULL permission  
We meet JOY each time promoted  
We remember our POWER regardless of circumstance

We liberate shadows and dissolve our own restrictions  
We lean on trust instead of doubt  
We give it all to receive it all

Not for the purpose of exchange

**as a gift to Life**

We fulfil our task.

Knowing that to do so is our highest duty and achievement

In honour of the Earth, Nature, the Cosmos

**We burn in devotion**

Gladly, we commit to:

**unfurl our Soul scent**

and bask in the BEAUTY ever present.

We savour that Humanity should live it's Divinity once more

**Bliss  
is  
the  
thread**

that leads us forward...

Amidst the woven tapestry of Love that we belong to.
